Fusefy
For Pragmatic AI

Your Partner in AI adoption

Fusefy.ai: From Backlog to Breakthrough

AI Adoption As A Services

Accelerate Your Launch : We transform your backlog into tangible, revenue-generating AI applications.

Seamless Integration : Fusefy.ai operates as a true extension of your in-house teams and ecosystem collaborators.

End-to-End Expertise : We deliver on capability, capacity, and speed by specializing in data infrastructure, analytics, and intelligent process automation.

AI STRATEGY AND PLANNING

- AI Workshop and Training
- AI Inventory & Heatmap
- TCO & ROI Analysis
- Jira Roadmap.

AI BUILD AND DEVELOPMENT

- AI experimentation and infrastructure setup .
- AI Inference.
- AI deployment & Monitoring .

AI SECURITY, GOVERNANCE, AND RISK

- AI governance and compliance.
- AI Risk management.
- AI cyber risk management.

Tailored AI Solutions for Key Stakeholders

Level 0 → CFO: Strategic Value & ROI

- ✔ Quantifiable Business Cases & TCO Analysis
- ✔ Budget Planning & Investment Prioritization

Level 1 → CIO / CISO: Secure AI Foundations

- ✔ Robust AI Architecture & Integration Strategies
- ✔ Comprehensive Data Security & Cyber Risk Management

Level 2 → CTO / Engineering: Advanced AI Development & Innovation

- ✔ Cutting-Edge AI Solution Design & Implementation
- ✔ Accelerating R&D and Proof-of-Concept to Production

Level 3 → Legal, Risk and Compliance: Responsible AI Governance

- ✔ Establishing Ethical AI Frameworks & Policies
- ✔ Navigating Regulatory Requirements & Standards

AI Risk Matrix Details

Trustworthy AI Controls	AI Infrastructure Setup	AI Data Pipeline & Labeling	AI Build	AI Validation & Testing	AI Deployment	AI Monitoring	AI Enterprise Governance
Accountability	2	2	1	2	2	4	2
Cyber Security	3	2	3	3	4	3	2
Data privacy & Governance	1	4	1	2	2	1	1
Fairness and Ethics	4	2	1	2	1	2	2
Human-In-the-loop and oversight	2	1	2	1	5	5	2
Legal	3	1	1	2	3	2	1
Model reliability and Safety	5	1	1	6	7	1	3
Transparency and Explainability	1	1	1	1	6	4	1
Finance	4	2	1	2	1	2	2

Compliance framework We support

|			
EU AI Act	CHAI	OWASP LLM	China Generative AI Services Law
NIST AI RMF	UK AI Framework	US AI Bill of Rights	UK AI Framework
US Executive Order on AI	ISO/IEC 23894	Cyber Risk	Model Validation

OUR EXPERTISE

Verticals

HEALTHCARE
Streamlining patient care and administrative workflows.

FINANCE
Automating financial operations and enhancing security.

REAL ESTATE
Simplifying property management and client interactions.

LOGISTICS
Optimizing supply chains and tracking from end to end.

EDUCATION
Personalizing learning experiences and managing institutions.

HR
Improving employee lifecycle management and talent acquisition.

RETAIL & E-COMMERCE
Enhancing customer shopping experiences and inventory.

MANUFACTURING
Boosting production efficiency and quality control.

BI AGENT
Data-driven insights for decisions.

Categories

OUR AI MARKETPLACE

- ✓ Interview agent
- ✓ Claim reimbursement agent
- ✓ Teams Reminder Flow using Lists & Power Automate
- ✓ Automation platform n8n
- ✓ Order processing agent
- ✓ Data quality and Anomaly agent
- ✓ Onboarding agent

Accelerating Adoption of AI Outcomes

INTERACTIVE DEMOS

- Experience AI in action with our live
- Hands-on demonstrations
- Showcasing real-world applications.

AI SOLUTIONS MARKETPLACE

- Pre-built AI Components
- Rapid Deployment .
- Industry Solutions.

MEET OUR EXPERT TEAM

AI ARCHITECTS

Design scalable, robust, and secure AI infrastructures.

TEAM MEMBERS
- Ramesh
- Sindhiya
- Siva

FRONT-END DEVELOPERS

Create intuitive and accessible AI interfaces.

TEAM MEMBERS
- Jerome Fenetic
- Prathap
- Sandhanaraj Navin

BACK-END DEVELOPERS

Create intuitive and accessible AI interfaces.

TEAM MEMBERS
- Lakshmi Narayanan
- Barath
- Sowmiya
- Siva

AI DEVELOPERS & DATA SCIENTISTS

Build, train, and deploy cutting-edge AI models.

TEAM MEMBERS
- Vignesh Kumar
- Surya
- Sowmiya
- Akash
- Barath

AI COMPLIANCE TESTING

Ensure AI systems adhere to ethical guidelines and regulations.
TEAM MEMBERS
- Dinesh
- Parvathavardhini

Our solution is **platform and language agnostic**, supporting a vast ecosystem of AI tools and services. Plus, you can **bring your own platform** — we'll integrate it seamlessly.

Bring your own Application

GREEN FIELD (NEW)
Supports new application + Auto-generates

BROWN FIELD (OLD)
Embed Agentic AI into existing apps + Workflows + Collaboration + Data Sources

MULTI-LANG CAPABILITIES
Supports various languages and tools + Architecture + Deployment

## Agnostic AI Frameworks and Tools

AGENTFORCE

MCP

ADK

LANGCHAIN

AGENTIC ORCHESTRATOR

Bring Your Own Platforms

AWS

GCP

AZURE

KUBERNETES
